Surgery Checklist for Patients

Have you:

- reviewed the online pre op and post op information about your surgery
please go to; <https://www.sydneycentreent.com.au/patient-and-gp-info/pre-post-operative-information/> and select your operation
- ceased any * herbal medications and supplements, *blood thinning medication, *anti-depressants and *non-steroidal anti-inflammatory medication **2 weeks prior** to your date of surgery
- confirmed your date for surgery and post operative appointment(s)
- checked surgery costs (hospital, anaesthetist, surgeon) with your health fund
- contacted your Anaesthetist for a quote
*please go to; <https://www.sydneycentreent.com.au/about-us/our-anaesthetists/>
Here you will find your anaesthetist's contact details*
- signed and returned Financial consent/Quote
- signed and returned Surgical consent
- completed pre-operative tests if required eg blood tests, ECG
- completed your online admission
(available either via the hospitals website, or links can be found via www.sydneycentreent.com.au/patient-and-gp-info/hospital-anaesthetic-information/)
- received and paid your invoice for your private surgery

The hospital will contact you the business day prior to your surgery and advise fasting and admission times.

Please contact our rooms on 9451 9883 if you have any concerns regarding the above information or you need to reschedule your operation.
